SOHO VENEER COLLECTION 7490

2

Unique in both style and comfort, the Camden series stands out in any workspace. It offers the perfect balance of casual yet sophisticated look. Finished in a Ginger Cherry, Camden features cherry veneer top surfaces with poplar solids and walnut banding.

Construction - Chassis construction is of wood, wood veneers and select wood product with an NC lacquer finish. Desk tops feature a decorative inlaid veneer border with walnut banding. Cases feature mortise and tenon construction with wood cleats, glue, screws, staples and threaded inserts with bolts. Drawers feature dovetailing and are constructed with solid wood sides and backs with veneer and veneer banded fronts and three-ply bottoms. Drawer interiors are sealed.

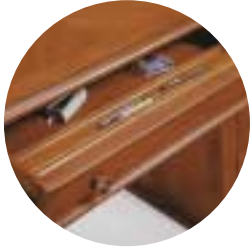

Styling - The Camden series, in it's luscious Ginger Cherry finish, offers classic design elements including wood and metal knob hardware, reeded moldings, framed drawer and door fronts, reverse diamond matched veneer patterns, rounded corners, three quarter round posts, bun feet and diamond marquetry pattern inlaid on the door fronts of the overhead units.

Function - All drawers are suspended on metal, ball-bearing, fully extending slides. Box drawers have a 100 lb. load bearing rating; file drawers have a 150 lb. load bearing rating. File drawers are equipped with a metal filing system to accept letter or legal size hanging files. Task lighting is included on overhead units. All cases are equipped with levelers to adjust for less than even flooring. Center drawers are designed to function as a conventional center drawer or as a keyboard drawer. Locking drawers are found throughout the series.
